Disability expo planned for Warkworth Hope Centre

Momentum is building up for the first Rodney Support & Inclusion Expo, and stallholder spots are filling up quickly.

This community-focused event will create an opportunity for locals to connect directly with services and support organisations that care for people with all forms of disabilities, chronic illness, neurodivergence, mental health challenges, or ageing-related needs, as well as support for family caregivers.

Attendees will also enjoy interactive activities and presentations, while learning about different support opportunities, resources, self-care tools, volunteering, and employment opportunities in this sector.

Rodney Inclusive Communities Initiative (RICI) is working in partnership with Disability Connect to bring together over 40 providers, charities, community groups, businesses and government agencies, operating within Rodney. The Expo will take place on Thursday, October 15 from 10am – 2pm at the Mahurangi Hope Centre in Warkworth (behind the Warehouse).

RICI secretary Ursula Christel says, “The Expo will be inclusive, culturally welcoming, and accessible to all. By connecting people with the information, services, and community they need, we hope to help ease the stress of everyday life. With the support of our local community, we can make that happen.”

Led by five dedicated volunteers, the trust is inviting local funding organisations and businesses to get in touch and partner with them to make this event possible. RICI welcomes financial sponsorship, donations of goods or services, raffle and prize contributions, event resources and equipment, and volunteer support. Every contribution will help make this community event a success.

Rodney Inclusive Communities Initiative (RICI) Trust operates as an information network, advocacy group, and events coordinator in the Rodney District, focusing on matters related to inclusion and disability support. www.ricin.z.com

Flower show heralds start of spring

Spring will be celebrated in full colour at the Snells Beach Garden Circle’s annual Spring Show on Saturday, September 5.

The show, at the Mahurangi East Community Centre on Hamatana Road, is open to gardeners and visitors alike, with entries welcome from both members and non-members.

There will be seven sections covering spring bulbs, camellias, foliage, pot plants, fruit and vegetables, floral art and a children’s section with different age groups.

Entries can be dropped off between 9am and 10.30am, with exhibitors limited to two entries per category.

The public can view the displays from 1pm to 3.30pm, with free entry and exhibits. Afternoon tea, plants for sale and raffles will also be on offer.

Show schedules are available from Snells Beach and Warkworth libraries.

The Garden Circle has thanked the Rodney Local Board and the Warkworth, Matakana and Snells Beach communities for their support.

For enquiries, contact show convenor Barbara Carpenter on 027 294 1780.

A prize-winning rose from last year’s show.

Three in a row

Local jazz band Latter Karma will mark three years of playing at Warkworth Bridgehouse with a special performance on September 3, from 6.30pm to 9.30pm. The events, featuring jazz and Latin music have been held on the first Thursday of each month since September 2023. The evening will feature musicians including Lou Perkins and Peter and Liam Glynn from Takapuna. Entry is free. Tables can be booked in advance, or people can simply turn up on the night.
